

2023 Sisters, Oregon Artist Studio Tour

September 23 & 24 • 10 a.m. - 4 p.m.

SISTERS ARTS ASSOCIATION

Welcome to the Sisters Arts Association's Seventh Annual Artist Studio Tour. This year, 34 artists are participating in 19 studio locations in and around Sisters, including Tumalo and Eagle Crest. Some studios feature more than one artist, so visitors can meet more of our local talent. These artists represent some of the best in art, design, creativity, and fabrication in this area. Most rely on sales of art, so this event is a win-win; not only do the artists retain 100 percent of the proceeds, but they may also present special one-time only sales.

Be Prepared for an Adventure

Our artists look forward to meeting you so feel free to ask the artists what they do, how they do it, and what inspires them. And, by all means, support them by purchasing their work. As you visit with each artist, sign up for the Quick Draw (raffle). A drawing for two \$100 gift certificates (to be redeemed at any artist's studio) will be held after the tour. Winners will be notified by phone and email. Please sign in at each location.

Getting Started

The Index on Page 3 and the following maps will help you learn about and find the participating artists and their studio locations. Use your GPS and watch for the blue and-white roadside signs with red arrows, directing the way. Relax, wear comfortable shoes, and pay attention to the weather – a sweater or jacket and a hat may be needed as temperatures can change.

How the Maps Work

Artists are listed alphabetically on Page 3. Each artist is assigned a number to correspond with their location on the map. There is a map for Sisters (in town) and Sisters Country. Artist numbers are on each map.

Artists' details on the following pages include their medium, studio location, and website, plus a descriptive photo. Numbers beside each correspond with location on the maps.

Sisters Town Map

This map is provided as a visual reference only, and is designed to approximate studio locations. Red squares and numbers correspond to the Artist Index on Page 3. Traveling with a GPS is helpful as studios furthest from the center of town can be several miles in distance from junctions and some road signs.

Look for Studio Tour signs along your route. They will point the way to artist studios.
